

PSi TECHNOLOGIES TO EXHIBIT IN SEMICON WEST 2003 IN SAN JOSE, U.S.A.

MANILA, PHILIPPINES and STA. CLARA, CALIFORNIA, July 5, 2003 - PSi Technologies (NASDAQ:PSIT), a leading independent provider of power semiconductor assembly and test services, is scheduled to exhibit in the SEMICON West 2003 Trade Exhibit on July 16 to 18, at the San Jose Convention Center, San Jose California.

SEMICON West 2003 is organized by the Semiconductor Equipment and Materials International (www.semi.org) organization, a trade association representing more than 2,500 companies serving the global semiconductor equipment, materials and flat panel display industries.

PSi's participation in SEMICON West 2003 is an opportunity to meet customers and demonstrate the Company's commitment to be "The global leader in power semiconductor manufacturing, most admired for its partnerships, people and performance," said Rizz Lanon, VP for Business and Technology Development.

PSi Technologies' booth is located at McEnery Hall, booth number 10041.

About PSi Technologies

PSi Technologies is a focused independent semiconductor assembly and test service provider to the power semiconductor market. The Company provides comprehensive package design, assembly and test services for power semiconductors used in telecommunications and networking systems, computers and computer peripherals, consumer electronics, electronic office equipment, automotive systems and industrial products. Their customers include most of the major power semiconductor manufacturers in the world such as Fairchild Semiconductor, Infineon Technologies, ON Semiconductor, Philips Semiconductor, and ST Microelectronics.
