

**PSi TECHNOLOGIES ISSUES ANNOUNCEMENT PURSUANT TO NASDAQ
MARKETPLACE RULE 4350(b)**

Manila, Philippines – July 31, 2006 – PSi Technologies Holdings, Inc., (NASDAQ: PSIT), a leading independent provider of assembly and test services for the power semiconductor market, today announced that its financial statements for the year ended December 31, 2004, contained in its Annual Report on Form 20-F/A for the year ended December 31, 2004, as filed with the Securities and Exchange Commission on July 24, 2006, included an audit report containing a going concern qualification from its independent public accounting firm.

This announcement is being made in compliance with Nasdaq Marketplace Rule 4350(b)(i)(B), which requires separate disclosure of receipt of an audit opinion that contains a going concern qualification. This announcement does not represent any change or amendment to the Company's 2004 financial statements or its Annual Report on Form 20-F/A.

Further information regarding the going concern qualification can be found in the Company's Annual Report on Form 20-F/A for the year ended December 31, 2004, as filed with the Securities and Exchange Commission on July 24, 2006.

About PSi Technologies

PSi Technologies is a focused independent semiconductor assembly and test service provider to the power semiconductor market. The Company provides comprehensive package design, assembly and test services for power semiconductors used in telecommunications and networking systems, computers and computer peripherals, consumer electronics, electronic office equipment, automotive systems and industrial products. Their customers include most of the major power semiconductor manufacturers in the world such as Infineon Technologies, ON Semiconductor, Philips Semiconductor, and ST Microelectronics. Safe Harbor Statement

This press release contains forward-looking statements that involve risks and uncertainties. Actual results and outcomes may differ materially. Factors that might cause a difference include, but are not limited to, those relating to the pace of development and market acceptance of PSi's products and the power semiconductor market generally, commercialization and technological delays or difficulties, the impact of competitive products and technologies, competitive pricing pressures, manufacturing risks, the possibility of our products infringing patents and other intellectual property of third parties, product defects, costs of product development, manufacturing and government regulation, risks inherent in emerging markets, including but not limited to, currency volatility and depreciation, restricted access to financing and political and social unrest and the possibility that the initiatives described herein may not produce the intended results. PSi undertakes no responsibility to update these forward-looking statements to reflect events or circumstances after the date hereof. More detailed information about potential factors that could affect PSi's financial results is included in the documents PSi files from time to time with the Securities and Exchange Commission.
