

## **PSi TECHNOLOGIES FILES FORM 20-F/A AND CURES NASDAQ FILING DEFICIENCY**

**Manila, Philippines – Aug 18, 2006 – PSi Technologies Holdings, Inc., (NASDAQ: PSIT),** a leading independent provider of assembly and test services for the power semiconductor market, today announced that it has received a Nasdaq Staff letter indicating that the Form 20-F filing delinquency, which was the subject of a prior Nasdaq Staff Determination letter, has been cured and the previously scheduled delisting hearing with the Nasdaq Listing Qualifications Panel is considered moot. On August 16, 2006, the Company filed its Annual Report on Form 20-F/A for the year ended December 31, 2005.

### **About PSi Technologies**

PSi Technologies is a focused independent semiconductor assembly and test service provider to the power semiconductor market. The Company provides comprehensive package design, assembly and test services for power semiconductors used in telecommunications and networking systems, computers and computer peripherals, consumer electronics, electronic office equipment, automotive systems and industrial products. Their customers include most of the major power semiconductor manufacturers in the world such as Infineon Technologies, ON Semiconductor, Philips Semiconductor, and ST Microelectronics. ### **Safe Harbor Statement**

This press release contains forward-looking statements that involve risks and uncertainties. Actual results and outcomes may differ materially. Factors that might cause a difference include, but are not limited to, those relating to the pace of development and market acceptance of PSi's products and the power semiconductor market generally, commercialization and technological delays or difficulties, the impact of competitive products and technologies, competitive pricing pressures, manufacturing risks, the possibility of our products infringing patents and other intellectual property of third parties, product defects, costs of product development, manufacturing and government regulation, risks inherent in emerging markets, including but not limited to, currency volatility and depreciation, restricted access to financing and political and social unrest and the possibility that the initiatives described herein may not produce the intended results. PSi undertakes no responsibility to update these forward-looking statements to reflect events or circumstances after the date hereof. More detailed information about potential factors that could affect PSi's financial results is included in the documents PSi files from time to time with the Securities and Exchange Commission.
